

HOSTING A YOGABATICS WORKSHOP

Thanks for contacting us about hosting an AcroYoga workshop taught by Yogabatics! AcroYoga is an incredibly fun and truly magical experience. Due to the eye-candy and deeply connecting nature of acroyoga, an acroyoga workshop has the ability to draw larger crowds & deeply satisfy more than any other movement workshop I'm aware of. This has proved true at many of the places that have hosted us, and we have tried & true promo materials & methods to help you plan a truly exceptional & knock-out workshop!

Our main goal in coming to teach would be to help support your goals. We want to get behind you as opposed to come in with our own agenda, so please let us know how we can help!

The basics of a workshop are the following:

- Together we decide on a workshop that meet the skills level, time allotment and angle you think is best.
- \$200 min deposit to schedule the workshop.
- You purchase any flights and lodging needed for instructors. *Locations within 180 miles of Austin pay \$.50 per mile driven. Locations 3-8hrs away by car pay \$.80 per mile driven.*
- Yogabatics is paid 60% of collections or \$200, whichever is higher.
- If you would like, Yogabatics will provide you with free promotional artwork and videos for your promotion of the event.
- A workshop only requires a flat space that is large enough for a typical yoga class with at least 8 foot ceilings and yoga mats for those participants who do not provide their own. Nothing else is needed.

This is just an initial email to get the ball rolling. To continue making plans, please reply back with 1) your goal for hosting an AcroYoga Workshop, 2) Proposed Dates, 3) Estimated # of Workshop Participants, and 4) Your personal experience with acro yoga.

We Look Forward to Working Together!
